Dear Invited Guests and Partners,

On behalf of The Welcome HOME Report Media Group, LLC and Moretta Community Development Corporation (MCDC) we are pleased to present the 2008 Women of Wealth Empowerment Event Series. The one and two-day events, also known as "The WoW! Experience," are multi-cultural homeownership and entrepreneurial events for women, offering stellar seminars and programs to equip attendees with the tools and information needed to build wealth through entrepreneurial ventures, homeownership and community development.

These signature experiences are a targeted community outreach effort that creates a platform for individuals to collaborate with agencies and community leaders to achieve common goals related to neighborhood development and revitalization, homeownership, entrepreneurial and economic self-sufficiency opportunities.

As the conference's Executive Producer and National Event Chairperson, I am serving as an agent of change, using my expertise in homeownership education, community lending and housing development to produce an affair and promote its purpose of increasing the opportunities and key resources needed to strengthen and maintain communities by supporting economic self-sufficiency through homeownership and entrepreneurial development.

The events are currently being promoted on two powerful websites, StylishAttitudes.com and WelcomeHomeReport.com and are also being represented in two publications, the Credit Resource Café newsletter and Stylish Attitudes Magazine.

I'd like to take this opportunity to invite you to join us as we create unique ways **to connect, collaborate and grow!**

Thank you for your interest in our program.

Sincerely,

Deborrah K. Gilbert

The Welcome HOME Report presents the Women of Wealth Empowerment Experience

Reducing Barriers, Raising Awareness and Creating Pathways to Financial Literacy, Homeownership and Economic Self-Sufficiency

Deborrah Gilbert
Executive Producer and National Event Chairperson

“Connect, collaborate and grow.” More than a “mission mantra,” this phrase is the foundation on which the WoW! Signature Empowerment Events are built. The purpose of these events is to increase the opportunities and key resources needed to strengthen and maintain communities by promoting economic self-sufficiency through homeownership and entrepreneurial development.

The event is a targeted community outreach effort that creates a platform for individuals to collaborate with agencies and community leaders to achieve common goals related to neighborhood development and revitalization, as well as homeownership, entrepreneurial and economic self-sufficiency opportunities.

Deborrah (“Dee”) Gilbert is an entrepreneur with many titles, including executive producer, television host, publisher, philanthropist and mother. She is an agent of change who uses her expertise in homeownership education, community lending and housing development to produce the Women of Wealth event and promote its mission and purpose.

As a national consultant, Dee creates opportunities for showcasing economic needs while developing new outcomes to leverage the tight resource base with the funding critical to program development, grants, implementation and capacity building work. Effectively making an impact on homeownership and economic development, Ms. Gilbert encourages and engages partnerships with community organizations, including those in the faith-based, private and corporate sectors. Accountability and sustainability are integrated to create desired outcomes that are tangible and can be measured in order to provide the data needed to continually attract resources and create platforms of opportunities and participation.

Dee also operates the Fancy Feet Network, a global women’s philanthropy network that blends “champions of compassion” with the spirit of volunteerism and the 7 “C”’s of stewardship, to become proactive in creating and advancing effective agendas of change.

Dee serves as a technical consultant and advisor for major organizations, small businesses, and community-based and non-profit organizations on projects related to community development, revitalization and economic development. She is currently a collaborative consultant with Keith W. Reeves, PhD, former Associate Professor of Public Policy in the John F. Kennedy School of Government at Harvard University and current Associate Professor of Political Science and Director of the Center for Social and Policy Studies at Swarthmore College. Dr. Reeves, evaluates and analyzes HOPE VI for local housing authorities and the U.S. Department of Housing and Urban Development.

Dee writes a national financial literacy column, the Welcome HOME Report. She has presented at corporate and faith-based events and her work has been profiled on ABC News’ Money Matters, national publications including, NV Magazine, Women’s World, Broker Agent Magazine, Rolling Out Urban Style Weekly, EUR Web Daily, and the nationally syndicated radio program, The Law Business Insider.
